

7th International Conference on Sustainable Built Environment 2016

December 16th to 18th at Earl's Regency Hotel, Kandy, Sri Lanka.

Special Session on Life Cycle Assessment/Stroke Management

17th December, 2016

The Special Session on Life Cycle Assessment/Stroke Management aims to bring together leading academic scientists, researchers and practicing individuals to share their experience and research outcomes in the area of Life Cycle Assessment/Stroke Management which include a broad spectrum of applications in environmental performance evaluation and improvement. This event will also provide platform for networking among researchers and practitioners in Life Cycle Assessment and Stroke Management.

Life Cycle Analysis

Themes / Topics

1. Life Cycle Assessment and Sustainability
2. Life Cycle Assessment in Product Development and Improvement
3. Database Development for Life Cycle Assessment Management
4. Life Cycle Perspective in Environmental Management
5. Life Cycle Assessment in Decision Making

Programme Chair

Dr. D.G.G.P. Karunaratne
University of Peradeniya, Sri Lanka

Dr. M.D. Bandara
University of Peradeniya, Sri Lanka

Advisory Committee

Dr. D.G.G.P. Karunaratne
University of Peradeniya, Sri Lanka

Dr. S. Wasala,
University of Sabaragamuwa, Sri Lanka

Dr. A.K. Kulathunga,
University of Peradeniya, Sri Lanka

Mr. C. Fernando,
Geo Cycle, Regional Office

Mr. S. Peris,
Former CEO, National Cleaner Production Centre

You are kindly requested
to submit an abstract on or Before
15th July, 2016
